FORTY-FIRST YEAR, No. 44.

CITY SETS TAX LEVY, BUDGET

**Levy Reduced from 25 to 23
Mills; Budget Reduced
\$7,000 or 6 Per Cent**

The mayor and commissioners of the city of Bay St. Louis are this week publishing the budget and levy for the fiscal year beginning October 1, 1932 and extending to October 1, 1933.

The levy this year will be 23 mills, and the budget calls for an expenditure of \$122,987.51 for the year. Last year the levy was 25 mills and the expenditures totaled \$130,095. Thus, a 2-mill reduction in levy and a \$7,108 or 6 per cent reduction in expenditure, is shown in this year's levy over last year.

The new year's levy allows 10 mills for the general fund; 1 mill for water works fund; 6 mills for the sinking bond fund; and 6 mills for the school fund. Last year the division was: 10 mills for general fund; 2 mills for water works fund; 4 mills for sinking bond fund; and 9 mills for school fund.

This year's budget gives the following amounts for the various disbursements: \$16,760.42 for general fund; \$21,018.09 for water works fund; \$27,074 for sinking bond fund; and \$28,135 school fund. Last year's expenditures were: \$16,600 general fund; \$24,000 water works fund; \$28,010 sinking bond fund; and \$31,485 school fund.

WAVELAND REDUCES TAX LEVY HALF MILL FOR ENSUING YEAR

**New Levy Will be 20 Mills;
Slight Increase in Assess-
ment Next Year.**

The Town of Waveland has set its tax levy this year at 20 mills, a reduction of 1/2 mill. The new levy is proportioned as follows: school fund, 6 mills; town fund, 8 mills; and sinking bond fund 6 mills. Last year the levy allowed 5 mills for school fund; 10 for town fund and 5 1/2 for sinking bond fund.

The assessment this year will be about \$776,000, some \$8000 more than last year, the increase having been made because of the public service improvement done this past year.

WORK AND PLAY AT S. J. A.

FAIR—THURSDAY NOV. 10.

The selection and discussion of plays has engrossed the attention of the majority of the High school girls this past week. Definite choices have at last been made and the plays are well on their way.

The seventh and eighth grades have also decided to show their talent in the theatrical line and are hard at work on their little play, and we have been hearing rumors of some very delightful numbers which will be contributed by the lower grades from the sixth to the first. Then there's the grand surprise at the end which the P. T. A. is sponsoring. So keep your eyes and ears open if you give us your support in this attempt of ours to help diminish the debt on our gym fund.

"FRESHIE" RED LETTER DAY.

The Freshmen, I'm sure would much rather tell you about it themselves. No doubt they could do it better than I, but since Freshmen are not yet allowed to write notes for the paper—may a Senior offer herself as a substitute? (I'm sure my little sister Freshies will appreciate this last remark!)

"Let's see—when did it happen, Freshies?"

(No answer).
"Er—I say, when was it?"

"—Aw! Tuesday," (given rather unappreciatively).
I'm afraid I was a bit wrong in my former statement—I don't believe the Freshies would like to tell you about it, so I'll try to satisfy your curiosity, anyhow—I'm too full of it myself to stop now.

Tuesday afternoon, two fifteen by the clock, was the scene of an event which went down in the scrapbooks and diaries of the Freshies as—Initiation Day.

As we seniors recall the little incident which was probably more like a big catastrophe to the little Freshmen, we begin to doubt whether or they really appreciate what we did for them—or rather, to them.

To begin with, we treated them to a first rate shampoo—you should have seen those heads. Then they

COUNTY SUPERVISORS HOLD MEET REGARDING STATE INCREASE

**Board Member Is Sent To
Jackson to Confer With
Tax Commission.**

Chas. Murphy, member of the board of supervisors of Hancock county, went to Jackson Wednesday to confer with the state tax commission relative to the order by this commission to the county to raise the tax assessment on certain personal property and certain types of real estate. He represented the local county board of supervisors and was attempting to secure from the commission a reprieve from this order so that no increase in assessment should be made.

The supervisors met last week and adjourned until Thursday of this week awaiting further information from Jackson.

REV. CLARK ADDRESSES ROTARIANS

**Life of Theodore Roosevelt
Is Subject at Weekly
Luncheon-Meeting.**

Rev. C. C. Clark, pastor of the First Methodist church, Bay St. Louis, was the speaker before the Bay St. Louis Rotary Club at the Wednesday luncheon meeting, choosing for his subject the Life of Theodore Roosevelt, whose birthday fell on Thursday of this week. He gave a resume of the entire life of this great American patriot, discussing his training, his political experience, his military service, his humanitarian work, and injecting into his talk humorous side lights on his character. Rev. Clark is a fluent speaker, thoroughly conversant with his subject, and his talk was highly enjoyed.

R. M. Overall, New York, general factory manager for the R. H. Macy Company, was the guest of his brother-in-law, C. C. McDonald; and K. Cokerham of the U. S. department of agriculture, stationed at Biloxi, and L. S. Elliott.

inhaled some pleasant smelling salts—just to relieve the shock of initiation. We let them hang by the neck too—till they were dead—almost. We also made them experience the pleasant sensation of walking the pirate's plank (the plank was real) and concluded by giving them the splendid opportunity to "show off" on the stage.

Now! who wouldn't have enjoyed such a splendid initiation? I can't say that I would and I don't believe you could, but the Freshies seemed to grin and bear it and it takes a lot of good sportsmanship to do that. We seniors all agree that our little sisters proved themselves to possess a superlative degree of the above mentioned—Good sportsmanship. So we say, "Three cheers for the Freshies."—and those cheers aren't Bronx ones either.

THE INITIATION FROM A JUNIOR'S POINT OF VIEW.

Some news!
We've had a shock
Initiation has come
Believe it or not, |

A screech, a yell
A cry for help
The whack of a stick
—Then comes the yelp.

Senior:
Eat this right now
Chew this and swallow it,
Be good and act nice
Or the stick will follow it.

Freshie:
Ouch, that hurts
That doesn't taste nice
Why give me that
I've had it twice.

WITH THE SODALISTS.

A drive for subscriptions to the "Queen's Work" is now occupying the chief attention of the Sodalists. Strong appeals were made at the last meeting of the Children of Mary to try to enlist the cooperation of every member in this worthy cause. The "Queen's Work" is the official organ of the Children of Mary and as such deserves to be supported by every member of the Sodality. Have you brought in your subscription?

Meeting of Gulf Coast Conference. A meeting of the Sodality Gulf Coast Conference was held last week at Biloxi. The three major officers of our S. J. A. Sodality related the business of this Conference to the

ORGANIZE UNIT AT DEDEAUX

**Parent-Teacher Association
Is Organized at Dedeaux
School Thursday.**

Dedeaux Parent-Teachers' Association was organized at Dedeaux school Thursday night of last week with 31 charter members. M. L. Richardson, superintendent, who has had experience in P. T. A. work at other schools, was instrumental largely in securing the large attendance, and he made an address explaining the purposes of the organization. A. S. McQueen, Hancock county superintendent of education, spoke on the benefits to school and community from the organization. Mrs. Milton Phillips, Bay St. Louis, Hancock county chairman of the P. T. A., visited the school Thursday afternoon and left with Mr. Richardson literature of the organization.

Officers elected were: Mrs. F. E. Lader, president; Wallace Lader, vice-president; Mrs. Roy Koernan, secretary-treasurer and Mrs. Amelia Edwards, corresponding secretary. The meetings will be held the second Thursday night of each month.

An invitation has been extended to Mrs. Milton Phillips, county chairman, and Mrs. C. C. McDonald, Bay St. Louis, state treasurer, to be guests at the November meeting.

PARADE PROGRAM PLANNED

**American Legion Outlines
Tentative Plans for Armis-
tice Day Celebration.**

Tentative plans have been made by the American Legion for the observance of Armistice Day and are announced by the post commander, Laurent Dickson. The plan calls for a parade the morning of November 11, possibly at 10 o'clock, followed by a program at the Central High school at 11 o'clock. In the afternoon at 2:30 o'clock, a football game will be played by State Teachers' College high school and a squad of Bay St. Louis High school boys, at St. Stanislaus College stadium. At night a dance will be given at Uncle Charlie's Nite Club.

The Legion voted at the last meeting to hold the celebration and a committee was named to outline plans. Details of the event will be worked out in the near future.

assembled Sodalists at our weekly meeting of last Thursday.

Preparations for Feast of Christ The King.

The Feast of Christ the King of Kings will be celebrated this coming Sunday, October 30. The pupils of St. Joseph Academy will sing the High Mass which will be celebrated at ten o'clock Sunday in honor of this great feast.

A Novena in preparation for the feast has been in progress since last Friday. The Novena prayers are recited every evening at six thirty. Where have you been these past days Sodalists? If you have not been faithful so far at least you can make up by following the Novena devotions the three days immediately preceding the Feast; namely—Thursday, Friday and Saturday. Don't disappoint us we want to see you there.

AGAIN TESTS.

My! How times does fly! If certain proofs really didn't show that two months have passed since we came to school, I really wouldn't believe it. If a person should casually say that we are two months advanced in our school schedule I would think he was crazy but, since it is not very probable that teachers, calendar, etc., should be wrong I guess two months have really passed. Another proof is that "tests" are here for the second time. It seems just yesterday that we were struggling over English, Mathematics, French, etc. and what a very "pleasant" (?) surprise it was when news leaked out that next Monday we get reports which means that this whole week is to be reserved for monthly tests.

Well as the months roll by the tests get harder and harder; so here's hoping we survive the season healthy and victorious.

SYMBOLIC "WEDDING" AT BAPTIST CHURCH SUNDAY NIGHT

**Unusual Entertainment to be
Given by Choir for Hymn
Book Benefit.**

A symbolic "wedding" will take place Sunday night 8 o'clock, at the First Baptist church, Eastbrook street, Bay St. Louis, under the auspices of the choir. The public is invited. An opportunity will be given for contributions toward the fund for the purchase of hymn books for the church. The purpose of the presentation of the wedding is to stimulate interest in the choir work.

The "wedding" will have about 35 participants and will be designed as a "rainbow" affair. The characters will be played as follows: bride, Miss Gladys Speer; bridegroom, Sidney Fayard; minister, W. Vaughn; best man, James Harper; maid of honor, Miss Vanda Mae Middleton; matron of honor, Miss Evelyn Miller; maids, Misses Cora Griffith, Eleanor Jacobs, Grace Hill, Bernice Jacobs Josie Staritta, Elma Little, Bessie Mitchell, Beatrice Smith, Zola Osborn and Elsie Smith; groomsmen, Edward Jones, Harold Roden; David Middleton, Jerry Gordon, Walter Jacobs, Adolph Schreck, T. E. Kellar, Argie Mitchell, Tommy Lawson, W. T. Jeffries; junior maids; Bertha Irene Koch, Beatrice Mitchell, Inez Wright, Emily Kellar, Blanche Kellar, Edith Jacobs; flower girls, Beverly Davis, Ruth Sanford, Frances Spear, Iris Davis; train bearers; Jack Sanford, Jimmy Sylvester; ring bearer, Betty Lee; bride's father, Albert S. McQueen; women's chorus, Mesdames Laurent Dickson, Fred Wright, W. S. Speer, Harold Roden, Ethel Sanford, Misses Ruth Schreck, Ethel Sylvester and Irma Koch; ushers, Joe Cook Kellar, Percy Bennett, Clarence Mitchell, Fred Wright. A program of "re-nuptial" music will be presented the soloists being Bennie Hille, Billy Harper, Miss Evelyn Miller, and a duet will be rendered by Mrs. Elder Sellier and Mrs. James Sylvester. Mrs. Sylvester will be pianist for the program.

Reports of the activities of P. T. A. Week observed last week were made and it was ordered to preserve in the archives of the county council a copy of last week's special P. T. A. issue of the Sea Coast Echo.

Mrs. Roger Boh of Bay St. Louis was elected county treasurer, to succeed Mrs. W. W. Stockstill, resigned.

A revision of the by-laws was prepared to be voted on at the next meeting, the revisions bringing up to date in state and national requirements the local by-laws.

Reports were made of the organization of two new associations during the past month, that at Leetown and that at Dedeaux, bringing the total number of local associations in the county to nine.

PACKING PLANT TO OPEN THIS WEEK AT PASS CHRISTIAN

**Will Give Employment to
Hundreds During Next
Four Months—Mer-
chants Happy.**

According to a statement made by Mr. Hart Chinn, lessee of the large canning plant of the Dunbar Duke Company of Pass Christian at a meeting of the Pass Christian Oystermen Association last Thursday night, the plant will begin operation within a week. This decision was arrived at after an hour's deliberation between the lessee and the oystermen, during which a full, plain and straight out proposal was submitted by Mr. Chinn to the Association, and on a vote of acceptance or rejection, the question was carried by vote of every member in the hall with one single exception. This action of the association was rousingly endorsed by all non-members present, which number included a great many business people and citizens who are interested in the laboring classes.

Capt. J. H. Lang and Capt. John T. McDonald, president of the Association made strong appeals for the acceptance of Mr. Chinn's proposition, while Louis Schuff and Robert Peralta, secretary of the Association were the only two who took a strong opposition against the acceptance but they had little or no support from the members of the association, all of whom realized what a great advantage it meant to them and their families for the cannery to operate.

The price of oysters in shell was cut from \$1 to 75c.
Election of officers for the association was held Thursday.

WOMANLESS WEDDING AT CONVENT NOV. 10

A "Womanless Wedding" will be given at St. Joseph Academy Gymnasium the night of November 10. Already the characters who will participate in the event are being chosen. Proceeds will be devoted to the building fund of the convent.

Factory Manager Visits.

R. M. Overall of New York is the guest this week of his brother-in-law and sister, Mr. and Mrs. C. C. McDonald of North Beach, Boulevard. This is the first visit to Bay St. Louis in 13 years. Mr. Overall is general factory manager of the R. H. Macy Company of New York.

HANCOCK COUNTY COUNCIL

**P. T. A. Group Hears Report
—Names Treasurer and
Revises By-Laws.**

Hancock County Council of the Parent-Teachers' Association held its Monthly meeting Friday afternoon of last week, with seven in attendance, namely: Mrs. Milton Phillips, president; Mrs. L. B. Logan, vice-president; Mrs. L. W. Jacobs, secretary; Mrs. James Evans, A. S. McQueen, Mrs. C. C. McDonald, all of Bay St. Louis, and Mrs. Lamar Otis of Logtown. The membership of the council is composed of officers, presidents of local associations, member of the board of trustees of one of the schools and superintendent of education.

Reports of the activities of P. T. A. Week observed last week were made and it was ordered to preserve in the archives of the county council a copy of last week's special P. T. A. issue of the Sea Coast Echo.

Mrs. Roger Boh of Bay St. Louis was elected county treasurer, to succeed Mrs. W. W. Stockstill, resigned.

A revision of the by-laws was prepared to be voted on at the next meeting, the revisions bringing up to date in state and national requirements the local by-laws.

Barksdale vice-president and Mrs. Hazel Adam Woods, secretary-treasurer. The first project which the organization is fostering will be a plate supper to be served at Trinity Rectory, Pass Christian, the night of Sunday, October 30, beginning at 6 o'clock. The price is 35 cents. The public is invited.

Washington Program by U. S. W. V. Auxiliary

The Bay St. Louis Auxiliary, United Spanish War Veterans, observed the Washington Bi-Centennial with a program Tuesday night at the home of Mr. and Mrs. C. L. Reab of Burnett avenue. The ladies of the Auxiliary were gowned in Colonial costumes. At the close of the Washington program the Old Virginia reel was danced. Party refreshments were served. In addition to the members of the Auxiliary the members of the local camp of the Spanish War Veterans were in attendance.

HANCOCK COUNTY APPLIES FOR AID FEDERAL FUNDS

**Sum of \$93,334 Is Sought
Through State for As-
sistance of Unem-
ployed.**

Hancock County applied for the sum of \$93,334 from the federal fund with Mississippi is seeking to aid the unemployed of the state, A. G. Favre, court clerk who directed the survey in Hancock county for this unemployment situation, state.

The sum for Hancock county is sought on 1,240 applications which covers a total of 5,302 dependents. Information incorporating these applications were sent to Governor Sennett Conner last week and was incorporated in the State application.

MEETING CALLED TUESDAY

**Hancock County Tax Payers
League at Court House,
Tuesday Night, 8
O'Clock.**

A call has been issued by R. C. Engman, president of the Hancock County Taxpayers' League, for a meeting of all members of the League to be held at the courthouse Tuesday night, November 1, at 8 o'clock.

Business of importance will be discussed and every taxpayer, whether a member of the League or not, is invited to be present.

The taxpayers in nearly every county and city in the state are evincing deep interest in securing a reduction in the cost of government, national, state, county and municipal and it is only through cooperation and concerted action on the part of all taxpayers that the desired relief can be secured.

Remember the time and place of the meeting—Tuesday night, at the courthouse.

RED CROSS QUOTA FOR MEMBERSHIP IS SET AT 300 FOR 1932

**Annual Roll Call Will Oper-
Armistice Day and Close
Thanksgiving.**

The membership quota assigned to Hancock county this year by the American Red Cross is 300 at \$1 per member, and plans are going forward for the annual roll call when it is expected confidently that this number can be reached, George R. Rea, county chairman for the Red Cross announces.

Mrs. Marielouise Juden has been named annual Roll Call chairman, and she is now engaged in securing her committees in various committees and will be ready to announce them next week. The Roll Call opens November 11 and continues through Thanksgiving Day.

Other activities of the local Red Cross are going forward well. Mrs. Harry G. da Ponte is publicity chairman. Miss Mae Edwards is chairman of the cloth committee. All ready cloth has been ordered. Committees are being organized in readiness for doing the cutting of clothing and sewing when the cloth is received.

Catholic Women

All officers and interested members of the various Catholic organizations connected with the church of Our Lady of the Gulf are asked to attend a meeting to be held at St. Joseph's Memorial Hall Friday, 8 P. M. This meeting is to be a purely business affair and no one attending will be obligated financially. Come and be informed.

St. Margaret's Daughters. St. Margaret's Daughters will hold their regular monthly meeting on Wednesday, November 2, at the home of Mrs. G. Y. Blaize. All members are urged to attend.

National Council Meet. The National Council of Catholic Women-Bay St. Louis District will hold their regular monthly meeting at 8 P. M., at Pass Christian, Monday October 31. All members please attend.

ATTENDS BOARD MEETING.

Leo W. Seal went to Jackson Tuesday to attend the quarterly meeting of the board of directors of the Lamar Life Insurance Company. He was accompanied by Coburn Weston.

AUXILIARY EXECUTIVE MEETING

**Plans are Made for County
Survey of Needs of All
Children: Joint Meet-
ing Arranged.**

The executive board of the American Legion Auxiliary, Bay St. Louis, met Thursday night of last week at the home of the president, Mrs. Laurent Dickson, and planned several activities for the body. Included in this board are: Mrs. Laurent Dickson, Mrs. J. G. Jones, Mrs. W. S. Speer, Mrs. M. O. Blanchard and Miss Azalie Favre. At this meeting the post commander, Laurent Dickson, and M. O. Blanchard met with the board.

Plans were made to conduct a county survey for the purpose of listing all needy children, and a house to house canvass will be made throughout the county to determine the material, educational and physical needs of all children in the county. In the child welfare work of the Auxiliary the women do not restrict their work only to children of World War Veterans but all children are included. It is estimated that such a survey as that contemplated will take possibly three months to accomplish.

November 3 has been set as a joint meeting of the Legion and Auxiliary at Uncle Charlie's Nite Club. The post will install officers and the unit initiate new members, the Gulfport unit initiation team to take part in the ceremony and district Auxiliary officers to be in attendance. At the close of the double ceremony a social will be held.

MRS. FOURNIER IS NAMED TO STATE OFFICE OF ORDER

**Refuses Presidency Again
But Accepts Vice-Presi-
dent's Office of King's
Daughters.**

Mrs. A. F. Fournier of Bay St. Louis who has served two years as president of the Mississippi Branch of the International Order of the King's Daughters and Sons at the annual convention held in Jackson Monday to Wednesday of this week, refused to again serve the organization as president, but accepted the office of vice-president. Mrs. Earl Brewer of Clarksdale, vice-president for the past two years, was named president.

Bay St. Louis had a large representation at the convention, and the annual report, presented by Mrs. E. J. Leonard Bay St. Louis circle president, showed excellent work during the past year. This was the only circle to have purchased a hospital building during the past year.

Those from Bay St. Louis in attendance were: Mrs. A. F. Fournier, Miss Marjorie Fournier, Mrs. E. J. Leonard, Mrs. Ed. Ivy, Miss Hilda Spoor, Miss Elsie Spoor, and Miss Mary Louise Crawford the latter representing the Junior King's Daughters.

CONTRIBUTIONS TO BOY SCOUT WORK NOW SOLICITED

**All Friends of Boys Are
Asked to Send Donations
For Carrying on Work**

The district committee in charge of the Boy Scout troop of Bay St. Louis, has been requested by the New Orleans Council to contribute their prorata of the amount expended by the New Orleans Council for badges, awards, office expense and many other incidentals, particularly in furnishing field executives who contact troop executives.

The Boy Scout troop is a community organization and this necessary contribution should be borne by the citizens of Bay St. Louis.

All contributions should be forwarded to Chas. J. Mitchell, secretary of the district committee, or Laurent Dickson, Chairman of the troop committee.

This is the first time since the organization of the Scout Troop that the public has been requested to render any financial assistance.

LEGION SETS DATE

The American Legion has set as the regular meeting date for the next meeting the first Thursday in November, and the first Thursday of each month thereafter will be reserved for meetings.

NOT SO NEW, AFTER ALL.

MODERN ways are not as new as one sometimes thinks.

Witness the tablet recently excavated in Northern Syria by Dr. Charles Schaeffer, which tells of a financial scandal dating back about 2000 years before Christ. The story told by the ancient tablet is that a crash resulted from the irregularities of a finance minister of one of the kings of Northern Syria. After a long period of excessive prosperity, the official fled from the realm in the time of famine but his malfeasance was discovered and the tablet represents a warrant issued by the king for his arrest and extradition.

The power of money is evidently no new evil in the administration of justice, as shown by subsequent events as recorded on another tablet. The minister, who had taken refuge in a religious seat of learning was placed under arrest but released on bail furnished in silver.

STILL PAYING 1929 DIVIDENDS.

BUSINESS is not bad for everybody as is shown by the fact that thirty-nine companies, listed on the New York Stock Exchange, are paying dividends equal to, or greater than, those paid in 1929. Moreover, two-thirds of them are earning more money than they are paying out on their common stocks.

Five companies, American Tobacco, Coca-Cola, Hershey Chocolate, Lorillard and United Biscuit, are paying larger dividend distributions this year than in 1929.

Included in the list is one railroad, the Chesapeake and Ohio and nine large utility companies. Twenty-nine of them are industrial or merchandising corporations, including five retail chain store companies. Some of the companies are: American Chicle, American Telephone, American Tobacco, Corn Products, Jewel Tea, Liggett and Meyers, National Biscuit, Reynolds Tobacco and Standard of N. J.

LET'S SAVE A FEW LIVES.

THE adoption of a uniform traffic law throughout the United States is urged as a means to save immense sums of money through the elimination of accidents, which will save man-labor, vehicle loss and injury to individuals.

It is estimated that about 30,000 persons are killed in the United States each year through automobile accidents. This is a fearful toll that is being paid, not so much for speed, as for a failure to enact and enforce vehicle codes and traffic laws.

Hancock county furnishes its share of the victims, its proportion of the property loss and the man-power wasted. More than furnishing its sacrifice the people here will make out that they like it, because they will very probably do little or nothing about it.

AN ISLAND LOST.

HAVE you ever heard of an island being lost? Well, Sarah Ann, a small pin-point on the Pacific, was reported alive some fifteen years ago. That is, she was recorded on charts some fifteen years ago, but has been dropped since.

Now the astronomers of the world want to locate Sarah Ann. During 1937 there will be a seven-minute total eclipse of the sun, but it will be visible on no land unless Sarah Ann can be found again.

The theory is that the island, if she ever existed, has disappeared beneath the water, as islands have a habit of doing occasionally.

DANGER IN GARAGES.

ONE of the peculiar traits of human nature is the refusal of men and women to profit by the experience of others.

Probably no automobile owner in Bay St. Louis is ignorant of the deadly effect of carbon monoxide gas fumes, which come from the exhaust of a running engine, and which kill in a few seconds in a closed place.

Even with this knowledge auto drivers continue to test their engines in closed garages in cold weather. To do so is dangerous, regardless of whether you think so or not.

ABOLISH HUNGER PAINS.

PROF. Chukitshev, of Moscow, has discovered that an injection into the blood of a starving animal will remove all hunger pains.

He wasn't interested in finding a way to do without food and it isn't necessary to say what he had in mind. However, if he can produce such a serum, and abolish hunger, there are a lot of people in Bay St. Louis who will start reducing diets immediately.

Senator Borah wants new currency to the extent of \$5,000,000,000. We will take less.

Nearly everybody is looking out for the easiest way to make money. Why not try earning it.

The winter that is near at hand is expected to be the hardest of the depression. Citizens who are fortunate enough to be able to help the unemployed and their dependents should not hesitate in doing so.

PREDICTS FREEDOM.

THE South Carolina Congressman Butler B. Hare, is now visiting in the Philippine Islands. He is there in his official capacity as Chairman of a House committee to study conditions.

In a public address in Manila Congressman Hare told the members of the Philippine Legislature that the passage of the Hare Bill last April "removed any doubt whatsoever as to what the attitude of our government will be toward freedom for the Philippines."

"I now am of the firm conviction that Philippine independence is a certainty," he said, "and it is not too soon to begin making your plans with this thought in mind, for it may come earlier than now is contemplated or expected."

Independence may come for the Philippines in the near future, but we are afraid that such speeches as Congressman Hare's will tend to aggravate the relationship between this country and the Islands, if full freedom is delayed.

One real problem, connected with the freedom of the Islands, is the danger that Japan will annex them. It is hardly to be thought that the American people would grant the Islands independence and then allow Japan to subjugate them. As long as America retains political control over the Islands, Japanese seizure is less probable.

A NOVEL LAW SUIT.

A NEW YORK dressmaker is suing Clarence Buddington Kelland, the author, for \$3,213, which was the cost of various purchases made by his wife. The dressmaker proceeds upon the theory that a husband is liable for the debts of his wife for the "necessities" of life.

Author Kelland says the articles were not necessities, that he gave his wife \$7,000 during the year the account was made, and that she was amply provided for, or could have been. Hose at \$6.50 a pair, dresses at \$225, coats at \$420, and the like, says the author, can hardly be called "necessities."

The odd thing about the suit is that the wife supports her husband's position, apparently having no pride in the matter of paying bills she made herself. She says she bought the stuff, expected to pay for them but "events have altered conditions." Efforts to pay in installments failed and the dressmaker brought suit.

There is something to be said for the husband's condition that he should not be held liable for any debts his wife might make, regardless of their character.

BUSINESS IMPROVES.

THE opinions held by "leaders in industry," concerning the business outlook in the United States are not received with the same confidence that was accorded these prophets some years ago.

It is interesting, however, to report that 100 executives of representative industries have expressed the almost unanimous opinion that there has been an improvement.

The New York banking house of Lehman Brothers obtained opinions in all basic lines of activity, including automobile, amusement, clerical, electrical equipment, food products, beverages, manufacturing, merchandising, metals and mining, oil, public utilities, railroads, shipping and tobacco.

Of those who replied, 42 per cent saw a definite and 35 percent a slight or promising upward trend in business. Only 13 percent saw no change for the better, while 10 percent expressed the opinion that the favorable swing was seasonal.

Asked to give a definite opinion whether "the low point of business depression has been passed?" 95 percent of the replies were, "Yes."

IMPORTANT FARM CROPS.

WHEN one thinks of the problems of American farmers it is generally in terms of wheat and cotton, and other field crops. However there are other crops of more importance.

For example, according to the Department of Agriculture, the cash income earned by wheat in 1930 amounted to \$393,000,000 and that of cotton, \$478,000,000. In the same year cattle earned \$905,000,000, hogs \$1,127,000 and milk \$1,422,000,000. Even eggs brought in \$491,000,000.

Of course, these figures may have been brought about by the sharp drop in wheat and cotton prices during 1930, but during the five year period, 1923-28 hogs were a more important source of revenue than wheat and milk, earned only a little less than cotton.

The lesson of these figures for the farmers of Hancock county is plain. They should not depend upon a one-crop system, but should also include in their farming operations some livestock, dairy and poultry operations.

THE COMMON COLD.

THIS is the time of year when the people of Bay St. Louis, along with others, suffer from the so-called common cold. Generally, it is neglected, but physicians advise that one be careful when suffering from this almost every-month ailment.

With the opening of school there is also a spread of diseases among children, such as measles. Many of these begin with symptoms comparable to those of a cold, and for that reason parents should be on guard against such troubles and realize that medicines effective against colds are of little value in treating them.

Well informed people know that scientists have been unable to find the cause of colds, or to devise proper treatment that is anywhere near perfect in results. Not so, however, with many medicines on the market. They proclaim their powers, and while many of them are beneficial in treating some of the symptoms, none of them, as far as we know, remove the underlying cause.

The political message of the hour is known to every young typist—"now is the time to come to the aid, etc."

WITH THE STATE PRESS.

MORE MONEY.

MORE money will be ready for the cash-starved people of Mississippi when the additional million dollars worth of state bonds are actually paid for by the purchasers.

The bonds have been signed and by now are in transit. Within two weeks nearly \$1,000,000 in cash will be turned loose in Mississippi in payment of state obligations long past due.

Persons holding delinquent Mississippi warrants will be able to collect on them at face value. Most of these warrants are already in banks as collateral for loans which the original holders negotiated to buy bread and meat and pay rent and taxes.

As Mississippi emerges further from the abyss of debt and demoralization which has engulfed the state for a long time, her bonds will be easier to sell, her credit will be stored and her whole business structure will be straightened.

All citizens should be proud of the progress which this state is making toward re-establishment of her financial integrity. Dawn of the new day promised at a change in administrations is unfolding and when the orbit is further advanced the light will be strong enough for Mississippi to step forward with stalwart and intelligent strides. — Hattiesburg American.

GAIN.

NO ill without its good. Depression offers not alone its losses, but its many gains.

In times of stress, we draw together.

Home-life becomes the more worthwhile.

Simplicity takes on an added virtue.

We find new wealth in little things. We become dissatisfied with self. Therein our hope.

Persia, Egypt, Babylonia and Rome and Greece and Carthage perished, not through the decay of weakness or fatigue, but through the inertia of self-satisfaction.

The satisfied are numb.

Life is based upon activity.

The idle muscle dwells. The unused brain is stultified.

The paths of ease make flabbiness.

We grow only as we strive.

We achieve only as we overcome.

Hence, depression brings its challenges—

The challenge to keep on ever fighting—

The urge to make the best and most of things.

The secret of real living lies in seeking more, demanding more and finding more in life.

When all is said and done, our use and worth depends neither upon conditions of extraneous circumstances, nor upon the "fatness" of our pocket books—

The worth of life must lie within each one of us, ourselves.—Meridian Star.

IN BUYING ADVERTISED GOODS YOU KNOW THE QUALITY.

THERE are many reasons why advertised goods sell best. In speaking of nationally advertised foods, for example, travelers are able to purchase the same brand of cracker in the East as in the West, and in the North as in the South—and all of them are equally good and crisp.

And the same principles apply to all merchandise and goods made or sold locally. The buyer knows that a local advertiser is ready to stand behind his product because his advertising is proof of his confidence.

The advertiser is known and has pledged himself to stand back of his merchandise. He has given his printed word to the general public and must keep it. It is the mark of good faith and is recognized by buyers the world over as such.

Almost without exception, all of the improvements in packages, or other containers, have been the direct outcome of advertising.—Daily Clarion-Ledger.

LITTLE PROGRESS MADE IN PREVENTING ACCIDENTS.

DURING the past decade there has not been the slightest progress in preventing so-called "preventable fatal accidents." That is the statement of one of the great insurance companies, which tabulates and studies its statistics carefully.

Ten years is a long time and in such a scientific age the race may be expected to learn a good deal. During the past 10 years there has been noted worthy progress in the control of many communicable diseases.

Some of those formerly considered most dangerous and stubborn enemies, plainly are yielding ground before the systematic operations of public health measures.

And something has been done in the way of accident control by continuous emphasis upon safety precautions. It is at least something to record that the fatal accident rate has been become stationary.

We are holding our own. In some fields gains have been made: "the death rates from accidental burns, drownings, falls, accidents on steam railroads all have been reduced."

The industries have made marked advances in protecting their workers, and in the homes, fewer people fall down stairs, slip in wet bathtubs and ignite their clothing while kindling fires with kerosene.

But these gains are wholly neutralized by the terrific increases in motor vehicle accidents. Year by year the number of automobiles increases and proportionately the traffic death

LOST 20 LBS. OF FAT IN JUST FOUR WEEKS

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 years old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoon of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

Beauty and Health Depend on Minerals

Science Discovers that Health, Beauty and Life Itself Depend on Proper Mineral Balance of the Body

Beautiful Skin

Health and Beauty
All Depend on
Mineral Balance

Lack of Sufficient Minerals
Destroys Health and Brings on
Untold Pain and Suffering.

No man, woman or child can look their best, feel well and strong and enjoy life, as God intended, unless the Mineral content of the body is kept in proper balance. This fact has been proven conclusively.

FOODS DEVITALIZED
Modern methods of refining foods rob them of much of the Mineral content so necessary to health. Poor cooking and unbalanced diets are another source of trouble. The body is starved for the essential Minerals and Vitamins. Soon we suffer with indigestion, constipation, headaches, nervousness, pimply skin. We lose weight, feel tired and listless, fail to get enough sleep. Health deserts us and we wonder why.

NATURAL WAY TO HEALTH
After years of research, a new and remarkable formula has been perfected that supplies the body with the essential Minerals. This preparation is not a "patent" medicine but a scientific blending of Minerals and Vitamins that aid Nature in quickly balancing the mineral content of the body, clearing away intestinal poisons and building new strength and vitality.

WHETHER in periods of prosperity or economic instability a safe farm program is one having for its purpose ample food provisions for the family and livestock along with increased soil fertility. One meeting these requirements and looking to future expansion when conditions justify may be outlined as follows:

Plan the farm ahead—do all possible during the fall and winter months.

Provide drainage where necessary. Remove the stumps from all cultivated and, as much pasture land as possible.

Build terraces where needed. Plant sufficient acreage to soy beans, cow peas or lespedeza to furnish all hay needed, and some to sell.

Grow all feed and food crops that can be economically raised on farm. Produce enough pork for home requirements and some to sell.

Build sufficient permanent pastures to care for all livestock.

Keep enough dairy cows to furnish family with milk and butter and some to sell.

Practice fire control in field and forest. Do not burn anything that can be plowed under.

Use only pure-bred sires for breeding stock. Kill the scrub.

Grow such acreage of vegetables for shipment, as can be fertilized and marketed intelligently as cash crops.

Inter-plant legumes where practicable in all other crops.

Plant winter-growing legumes to be plowed under in Spring for soil improvement.

Keep enough good hens to furnish needs of family and some to sell.

Practice sanitary measures for

control of diseases and insect pests of animals and farm crops.

Use only pure-bred seed of good strain for all crops.

DON'T PUT OFF THE JOB UNTIL TOO LATE, and then say it is a failure.

DO IT ON TIME, and watch results.

A banker in Alabama offered a reward of \$1,000.00 to anyone who could show that the farmer who has followed a balanced farm program, year after year—one which, in addition to his general crop, included the cow, sow and hen, is not now better fixed than the man who produced only one crop. No one has yet asked for the reward.

NEGRO FAIR TO BE GIVEN AT GULFSIDE NOVEMBER 17-18

Exhibits of Work by Women And Girls To Be Shown—Program Night of November 17.

The dates for the negro fair at Gulfside Association, Waveland, have been set at November 17-18. The negro women and girls of the home demonstration and 4-H clubs of Hancock, Harrison and Jackson counties will participate in the general exhibits and the men of the counties have been asked to have exhibits of farm products.

In the women's and girls' exhibits will be seen sewing, handicraft, cooking, canning and novelties.

The principal programs of the fair will be Thursday night, November 17, when stunts, yells and music will feature the gathering. A small admission of 5 and 10 cents will be charged for the entrance to the fair.

The proceeds to be used for paying for the prizes to be given in the exhibits.

DISCUSS COST OF VET WORK

Local American Legion Sets
Fourth Expenditures of
Veterans' Administration.

In keeping with the policy of the American Legion to let the public know of those things affecting closely the organization and its members, the local legion post is desirous of informing those interested of certain expenditures which the government is making for the care of World War veterans in various lines. The information set forth has been obtained it is stated, from Congressional records. The statement follows:

"Much publicity is being given, charging that \$1,000,000,000 is spent annually on World War Veterans. Public Law No. 228, as approved June 30, 1932, covering the fiscal year ending June 30, 1933 is quoted below in order that one may get full benefit of the manner in which such amount is expended.

Administrative costs covering Veterans of all wars ----- \$115,000,000

Pensions for death and disabilities, not necessarily connected with service -----

Civil War ----- 97,221,000

Spanish-American War 116,396,000

Regular Army ----- 7,127,000

Military and Naval Insurance ----- 117,000,000

Hospital and Home Construction for Veterans of all wars ----- 12,877,000

State and Territorial Homes for Disabled Soldiers (Federal Contribution) ----- 722,000

Printing and Binding ----- 150,000

Compensation for Disability incurred as result of Service in World War 204,443,000

Disability allowance, World War Veterans suffering from permanent disability not connected with war service ----- 104,046,000

Disabled Emergency officers of the World War, Retirement pay ----- 11,046,000

Compensation for service connected World War Death, paid to Widows, Orphans and Dependents ----- 36,284,000

Adjusted Service Certificate Fund (Annual Government payment on Adjusted Compensation 100,000,000

Total Expenditure ----- \$927,849,000

"The self-styled National Economy League, representing among its officials some of the largest benefactors of our Government, and backed by Wall Street, took the total expenditures, called it a billion dollars, and said that it was appropriated for the World War Veterans," local legion officials state.

"Some of the items as outlined in Public Law No. 228, can be defined as follows:

1. Administrative Costs including medical and hospital services.

2. Military and Naval Insurance. This cannot be charged to veterans for fact that over \$500,000,000.00 has been paid from their own pockets as insurance premiums.

3. Hospital and Homes—Used by veterans of all wars. It is a well known and established fact that bed spaces are not adequate to take care of all service connected cases, therefore, regardless of cancelling hospital treatment, the cost would approximately remain the same.

The total amount that could possibly be charged to the World War Veterans is \$356,050,000. This does not include the cost of administration for the World War Veterans.

"The National Economy League Committee continues to publish that \$450,000,000 can be saved and not do an injustice to anyone. They make special reference to pensions of World War and Spanish War Veterans and hospitals yet it is obvious from the above figures that were these appropriations discontinued, it would mean only a cut of \$235,000,000 and even that cut would certainly be an injustice to thousands of veterans," Legion officials state.

Benefit Card Party.

Arrangements are complete for the benefit card party which is to be given Friday afternoon 2 o'clock, at the Hotel Weston, under the auspices of the King's Daughters, proceeds to be devoted to the hospital fund. Prizes of homemade cakes are to be given at each table and also as the entrance prize. A small tally fee is to be charged and the public is invited.

SENATE CONCURRENT RESOLUTION NO. 22

A Concurrent Resolution to amend Section 112 of the Constitution of the State of Mississippi so as to provide that the Legislature may classify property for taxation.

Section 1. Be it resolved by the Legislature of the State of Mississippi, two-thirds of the members of each House concurring therein, That Section 112 of the Constitution of the State of Mississippi of 1900 be and the same is hereby amended so as to read as follows:

Section 112. Taxes shall be levied upon such property as the Legislature may prescribe and shall be uniform on the same class of property within the territorial limits of the authority levying the tax. The Legislature shall have power to provide by law for the classification of property for the purpose of taxation. Property shall be assessed for taxes on all exemptions granted by general law. Taxes may also be imposed on privileges, excises, occupations, incomes, legacies or inheritances which taxes may be graduated and progressive and shall also have the authority to impose a severance tax on natural resources when the same shall be sold as articles of commerce; and reasonable exemptions may be provided. The Legislature may impose a per capita tax upon domestic animals which by their nature and habits are destructive to other property. The Legislature may provide for a special mode of assessment for railroads, or other public service corporations, or for other corporate property generally, or for particular species of property belonging to persons, corporations or associations not situated wholly in one county. All property shall be assessed at its true value and taxed in proportion thereto.

Section 2. That this amendment to the Constitution be submitted to the qualified electors of the State for ratification or rejection at an election to be held on the first Tuesday after the first Monday in November, 1932, in accordance with Section 273 of the Constitution of Mississippi.

WITH THE MOVIES AND FILM FOLKS

Italian resentment over the portrayal of the Italians in "A Farewell to Arms," is said to threaten a ban on Paramount films in Italy. Helen Hayes will stay in Hollywood another year and her new picture will be "Son-Daughter."

Marie Dressler's next picture will be "Tugboat Annie."

"The Wax Museum" will be a color or horror film, starring Lionel Atwill and Fay Wray. It is a Warner production, making use of a number of wax figures.

Ann Harding, who has had a number of rather poor stories, is scheduled for something better if RKO can find a suitable story. Meanwhile, "The Conquerors," in which she appears with Richard Dix, is about ready.

Clark Gable and Miriam Hopkins will appear together in "No Man of Her Own." This picture will be directed by Wesley Ruggles, borrowed from RKO, and includes Gable borrowed from MGM.

Victor McLaglen and Edmund Lowe will be featured by Fox in "Hell to Pay." Lupe Velez or Fifi Dorsay will be the girl.

Lillian Harvey, English girl but German film star, will appear in "His Majesty's Car" as her first Fox picture. John Boles and El Brendel are in the cast.

Douglas Fairbanks, Jr., now working on "Parachute Jumper," will play the part of a prize fighter in his next picture, "The Sucker."

The Universal company has completed the "shooting" of "SOS Iceberg" in Greenland. The picture will be made in four languages. The same company is producing "The Rebel," now being made in the Austrian Alps, with Vilma Banky and Louis Trinker.

Clyde E. Elliott who filmed "Bring 'Em Back Alive," is going back into the Malaysian jungle to produce "Man Eater." He says the most dangerous beast to be encountered is a vegetarian, the seladang, an untamable wild buffalo, which waits for no attack but charges on sight.

The voice of President Woodrow Wilson will be heard in "The Conquerors" recently completed. Wilson's words have been recorded from a phonograph record and will be synchronized with a moving picture of him.

Robert T. Jones, Jr., the golf wizard has been signed by Warner Bros. for all screen activities for five years. His "How to Play Golf" series were exhibited in 6,100 theatres in this country, and had much success in foreign lands. Jones will begin an instructional series of six shorts under the title, "How to Break Ninety."

Production will begin in January although Jones will report in California in December.

"Lucky Devils" will glorify the stunt players who double for the stars in thrilling sequences. As expected, however, the stunters will be in the background doing sensational acts will take the blows.

Joe E. Brown will soon begin work on "Elmer, the Great." He did the stage version on the Coast last year.

Mr. and Mrs. C. G. Moreau Vacationing at San Antonio

By JOHN T. MEYERS
(For The Sea Coast Echo)

Once again relatives, and a host of friends old and new in San Antonio, Texas have had the pleasure of a vacation visit from Mr. and Mrs. Chas. G. Moreau, of Bay St. Louis, Mississippi, who for the past week have been visiting Mr. Moreau's sister, Mrs. H. Muller, and her daughter and son-in-law, Dr. and Mrs. W. E. Graves of this city.

Mr. and Mrs. Moreau have been honored guests at many social gatherings during their San Antonio visit.

Taking advantage of the ideal weather that has greeted their vacation here, the Moreaus have enjoyed the lure and scenic beauties of Southwest Texas highways motoring to Corpus Christi on the Gulf Coast, and other interesting nearby points.

On Wednesday of last week, Mr. Moreau visited Kerrville where he attended a Rotary Club meeting as guest of honor and gave a talk in which he stressed the vital importance of unity and courage in Rotary affairs during these trying times.

Mr. Moreau said that Rotary Clubs over the country must be the leaders, continuing to hold a firm grasp on the good already accomplished, and to be there ready to carry on when normal conditions again prevail.

Mr. Moreau also touched on the individual benefits gained through social contact and the good fellowship spirit that is part of Rotary Club meetings. He complimented the Kerrville Rotary upon the splendid representation present. Mr. Moreau's talk was roundly applauded.

Before returning to Bay St. Louis Mr. Moreau will fulfill an invitation to attend a meeting of the Rotary Club at Austin, Texas.
